

方文雄先生
Mr. David FONG Man-Hung

榮譽大學院士
Honorary Fellow of HKUST

Born into the family that founded the prominent Hong Kong property development company Hip Shing Hong (Holdings) Company Limited, Mr. David FONG Man-Hung feels it is his duty to continue the family's legacy and philanthropy, yet his curious and grounded personality means he is always bringing the company in new innovative directions.

After completing an Economics degree in Canada in 1980 and an MBA in Hong Kong two years later, Mr. Fong cut his teeth in the family's property business in the United States, working in San Francisco and the Bay Area for a decade. In 1994, he returned to Hong Kong to join Hip Shing Hong, partly upon his father's call to "see what was going on" as the Hong Kong handover was approaching, and also his own conviction to bring about changes in the family company.

However, adapting to the family-type business culture proved to be challenging for Mr. Fong at first. He tried his hand working in different departments and projects while gradually bringing in new impetus with the experiences and insights acquired from his time in the US. During this time, he was also involved in joint ventures with other developers to explore the burgeoning mainland property market.

In 2009, when Mr. Fong became the Managing Director, he led the company to upgrade its 200 properties with new and smart technologies to boost their competitiveness, and to branch out into serviced apartments and hotels to diversify the company's real estate portfolio. At the same time, he set about helping his father to revamp and modernize the company, upgrading staffing operations and the IT system. The company's governance and culture were also overhauled and improved under Mr. Fong's leadership and guidance.

Over the years, Mr. Fong has maintained the highest standards of the company's output, and is particularly proud of a development project in Wong Chuk Hang, where he led a team to revitalize a former large industrial building to create a new quarter for the arts called Genesis. Mr. Fong had the idea of driving occupancy by attracting artists with offers of studio space at below-market rate, something that was a great boost for creatives in a city where rents had become increasingly unaffordable. The endeavor drew praise from former HKSAR Chief Executive Mrs. Carrie LAM and eventually inspired a wider government scheme, the Space Sharing Scheme for Youth.

方文雄先生乃香港知名地產發展商協成行發展有限公司的家族成員，自感肩負傳承祖輩遺訓與慈善事業的重責，其破格而不失務實的性格，驅使他持續為集團引入創新意念。

方先生於1980年在加拿大取得經濟學學位，兩年後再在香港修畢工商管理碩士學位課程，此後開始涉足家族在美國的地產業務，於三藩市灣區工作達10年之久。1994年，適逢香港回歸在即，他選擇回港，既是遵循父命「親身見證此重要時刻」，亦為一抒抱負，革新祖業。

加入協成行初期，方先生花了不少努力去適應家族式經營文化。他先後於不同部門工作和參與各類項目，運用留美所累積的經驗與見解，推陳出新，並積極夥拍其他發展商，開拓發展蓬勃的內地物業市場。

方先生於2009年出任董事總經理後，帶領集團應用嶄新智能科技，提升旗下200幢物業的競爭力，又進軍服務式公寓和酒店業務，令協成行的房地產投資組合日趨多元化。與此同時，他協助父親推行現代化改革，更新人事管理及資訊科技系統，集團的管治和文化在其引領和指導下得到全面提升。

方先生對集團旗下業務和服務的質素一絲不苟，貫徹始終；集團在黃竹坑的一個發展項目，尤其讓他引以自豪。這個由他親自策劃的「創協坊」大樓，將一幢前大型工廈轉化成嶄新的文藝空間，並以低於市價的租金吸引藝術家進駐。由於香港的租金已達到藝術創作人無法負擔的水平，此舉對他們來說無疑是莫大喜訊。項目不僅贏得前特首林鄭月娥女士讚揚，最終更啟發政府推出大型的「青年共享空間計劃」。

Charity has been an important plank of Hip Shing Hong's activity since the 1960s when Mr. Fong's father, Dr. Henry FONG, a major influence on the younger man and who passed away earlier this year, committed 10-15 per cent of profits to charitable work through the Fong Shu Fook Tong Foundation and Fong's Family Foundation, a commitment that remains in place today. Over the past 40 years, the two foundations have been involved in about 600 projects - building schools, supporting technology and medical research and provision of medical services - in Hong Kong, the Mainland and overseas. Mr. David Fong is currently the Chairman of the two foundations, continuing his father's philanthropic legacy. Meanwhile, Mr. Fong also served as the Vice-Chairman of UNICEF Hong Kong and retains as an Honorary Council Member, and he is also an Executive Council Member & Trustee of WWF Hong Kong.

Mr. Fong believes no charity is too small to make an impact. He insists that only by involving himself in individual projects and connecting with people from all walks of life can he understand more about the real world and ensure the foundations' projects remain grounded in grassroots concerns.

Mr. Fong's commitment to education is also reflected in his own work as a member of the council of several Hong Kong universities. Here at HKUST, he sat as a Council Member from 2016 to 2021 and is currently an Appointed Court Member. He has helped oversee the earlier stage of planning and development of HKUST(GZ), laying the foundations for future generations of cross-disciplinary learning in the Greater Bay Area.

A man of unstinting civic duty, Mr. Fong has served on numerous other public bodies; he is currently a Member of the Hospital Authority Board, an Honorary Advisor to Our Hong Kong Foundation, Chairman of Hong Kong Strategy, and the Life Honorary Chairman of the Chinese General Chamber of Commerce. Mr. Fong is also a National Committee Member of the Chinese People's Political Consultative Conference. For his many contributions to Hong Kong, Mr. Fong was appointed a Justice of Peace and awarded the Bronze Bauhinia Star by the HKSAR Government in 2008 and 2011 respectively.

It is our great pleasure to honor Mr. Fong for his lifelong commitment to the development of Hong Kong and his efforts to improve the lives of his fellow citizens. We are also delighted to recognize his dedication to helping HKUST nurture emerging talents in the Greater Bay Area.

協成行在上世紀60年代起已致力發展慈善事業。方先生尊翁方潤華博士當時決定透過方樹福堂基金及方潤華基金，將集團百分之10至15的利潤用於公益。這位在方先生生命中舉足輕重的父親雖已於年初去世，但承諾至今不變。過去40載，兩個基金合共參與約600個項目，如興建學校，支援科技發展及醫學研究，資助醫療服務，受惠機構遍及香港、內地及海外。方先生承繼父志，積極行善，服務社群，現為上述兩個基金的主席。此外，方先生也曾出任聯合國兒童基金香港委員會副主席，現時為榮譽委員，同時也是世界自然基金會香港分會董事委員會成員兼理事。

方先生堅信「勿以善小而不為」，唯有親身參與不同項目，接觸各行各業各階層的人，才可加深瞭解民生，確保基金會的工作持續緊貼普羅市民的脈搏。

重視教育的他同時兼任香港多家大學包括科大在內的校董會成員。方先生於2016至2021年擔任科大校董，現時為顧問委員會委任委員，期間協助統籌港科大(廣州)的早期規劃及發展事宜，為大灣區年輕人提供融合學科教育奠下基礎。

方先生擔任無數公職，現為醫院管理局成員、團結香港基金名譽顧問、群策學社主席及香港中華總商會永遠榮譽會長，也是全國政協委員。方先生不遺餘力回饋社會，於2008及2011年分別獲香港特區政府委任為太平紳士及頒發銅紫荊星章，以資嘉許。

方文雄先生畢生致力促進香港發展及改善民生，鼎力襄助科大培育大灣區未來才俊，貢獻卓越，我們謹此衷心予以表揚。

李聖潑先生 BBS
Mr. LEE Shing-Put, BBS

榮譽大學院士
Honorary Fellow of HKUST

A firm believer that success is defined by both talent and virtue, Mr. LEE Shing-Put has taken the business empire his father built to new heights, while continues to do his utmost to share the fruits of his success with the less fortunate.

A self-made entrepreneur, Mr. Lee's father Mr. LEE Yin-Yee founded the Shenzhen-based Xinyi Glass automobile glass manufacturer and trader in 1988. Impressed by the older man's visionary spirit, Mr. Lee has never forgotten how his father demonstrated his charismatic leadership by racing alongside his workers at a company sports day. Growing up under his father's influence, Mr. Lee discovered his vocation of becoming a business leader serving not only society but also the country of his birth.

In 1997, Mr. Lee was admitted to HKUST Business School for Finance and Economics. Crediting HKUST for fostering his open-mindedness and entrepreneurial spirit, he fondly remembers his studies as being one of his life's brightest periods. While here, he was also the vice-chairman of our Current Affairs Research Enlightenment Society where he organized discussion forums that reflected his growing interest in social issues.

Upon graduation in 2000, Mr. Lee began honing his commercial acumen and management skills by establishing his own business. Anticipating the many promising opportunities the nascent internet industry would create, he succeeded in obtaining the funding of various eminent venture funds. Financing in place, his software and system development companies subsequently served customers in both Hong Kong and the Mainland. In 2006, He began dividing his time between Xinyi and his start-up companies, before selling those operations to different listed companies.

From 2011 onwards, Mr. Lee became increasingly focused on managing the family business, which has now grown into an integrated glass manufacturer whose Hong Kong-listed subsidiaries include Xinyi Glass, Xinyi Solar, Xinyi Energy, and Xinyi Electric Storage. Having played a major role in accelerating Xinyi's evolution from manufacturing and trading to renewable energy power generation and storage, Mr. Lee's stewardship has also seen the enterprise help drive the country's tech economy by investing in many rising stars in the I&T sector.

李聖潑先生深信成功人士必須才德兼備，並身體力行作為榜樣。李先生子承父業，積極運用個人才能將父親一手建立的玻璃事業發揚光大，事業成功之餘亦熱心參與公益事務，盡自己能力回饋社會，行善積德。

李先生的父親李賢義先生白手興家，1988年於深圳創立信義玻璃，專營汽車玻璃生產及貿易。一直視父親為楷模的李先生，對父親於一次帶領玻璃工廠同事長跑時，全力拼搏、保持領先所展現的領袖魅力留下深刻印象，耳濡目染下，漸漸確立成為商界領袖服務社會以至國家的志向。

1997年，李先生入讀科大商學院，主修金融及經濟學。在科大三年的勤學歲月，是他人生最愉快的時光之一。科大的教育讓他練就虛懷若谷的胸襟，並培養出卓越的企業家精神。課堂以外，他亦擔任大學的時事研究社副主席，舉辦時政論壇，訓練出敏銳的社會觀察力。

李先生大學畢業後沒有立刻加入家族企業，而是選擇自行創業，藉此鍛鍊個人能力及商業眼光。時維千禧年代，科網業欣欣向榮，他看準時機創辦互聯網公司，在內地與香港從事軟件及系統開發。2006年起，李先生開始涉足信義的業務，而其初創的公司亦先後得到知名創投基金及上市公司垂青進行投資及收購。

2011年起，李先生逐步將事業重心轉移至家族業務，協助管理信義集團。信義是全球領先的綜合玻璃製造商，集團旗下的信義玻璃、信義光能、信義能源及信義儲電均是港交所上市公司。李先生成功幫助信義將業務從研發、製造、銷售玻璃拓展至新能源發電及儲電，規模不斷擴大。同時，他亦帶領集團成功投資眾多內地優秀創科企業，支持國家的新經濟行業發展。

Currently Chairman of Xinyi Energy, Mr. Lee has been pivotal in leading a variety of expansion initiatives. Specific examples include a 24/7 countrywide solar power station surveillance center which has accelerated the company's modernization and informatization. Generating sufficient electricity to meet the annual needs of some three million families via a national network of 20 solar power stations, Xinyi Energy is now a leading solar power station investor and specialist in the Mainland. Steadily moving the country closer to its net zero goals, each new advance is eloquent testimony of Mr. Lee's incalculable commitment and contribution to environmental protection.

Always heedful of his father's advice, Mr. Lee is quick to extend a helping hand to those in need. He has served the Lok Sin Tong Benevolent Society Kowloon (LST) for many years - including being its Chairman from 2018 to 2019. During his service Mr. Lee has been involved in various philanthropic initiatives that have benefitted many students, including the construction of mini solar power stations spanning 11 LST primary and secondary schools. To date, revenues from the stations' power generation activities have funded a STEAM scholarship program that promotes a better understanding of sustainable development among students.

Mr. Lee also actively assists low-income families seeking public housing. While LST's Chairman, he was instrumental in implementing an "LST Social Housing Scheme" that succeeded in slashing accommodation waiting lists. Transforming old buildings, hotels and LST's abandoned schools into transitional housing, the scheme's four completed projects offer 450 flats for poorer families. Scheduled to open in 2023, a 1,200-room social housing in Tai Po is on track to provide homes for a further 10,000 residents. In 2019, Mr. Lee was awarded the Bronze Bauhinia Star by the HKSAR Government in recognition of his distinguished service to the community.

In the same year, Mr. Lee expressed his gratitude to his alma mater by donating HK\$10 million to HKUST's Alumni Endowment Fund in support of various student-focused initiatives. Our University was also delighted to act on Mr. Lee's suggestion that we rename UG Hall 1—where he stayed while an undergraduate—as "Lee Yin Yee Hall" as a mark of his profound respect for his father. In 2020, we also invited Mr. Lee to contribute his valuable insights to HKUST's ongoing development as a University Court Member.

Despite his relentless schedule, Mr. Lee always makes time to show his compassion to the underprivileged. Today, we are proud to salute him for his business achievements and immense contributions to sustainable development and community service.

現為信義能源主席的他近年領導公司大展宏圖，例如主導興建24小時全國發電場運營監控中心，加速企業現代化、信息化發展。信義能源現時為內地領先的太陽能發電站投資及運營商，發電站廣佈20個內地省市，每年產電量可供超過300萬個家庭的一年用量。凡此種種，足證李先生商業才華卓越，目光如炬，並重視環保，在促進綠色能源普及化方面貢獻良多，助力國家盡快實現「碳中和」目標。

李先生遵從父訓，為人樂善好施。他為九龍樂善堂服務多年，並於2018至19年出任主席一職，落實不少惠及莘莘學子及基層市民的慈善項目。當中包括在樂善堂旗下11所中、小學建立小型太陽能發電站，將產電所得的收益成立STEAM獎學金，加強學生對可持續發展的認識。

李先生關注學生的學習需要之餘，亦體恤香港基層市民輪候公營房屋多年之苦，故任內熱心推動樂善堂的「樂屋」計劃，將舊樓、酒店及樂善堂旗下空置校舍改建成過渡性房屋，緩解普羅大眾生活上的燃眉之急。現時已完成改建的四個項目合共提供超過450個單位，而預計於2023年落成，位處大埔的大型社會房屋項目亦將提供超過1,200個單位，料可惠及10,000名居民。2019年，香港特區政府向李先生頒發銅紫荊星章，以表揚他對社會的傑出貢獻。

科大作為李先生的母校，亦受惠於李先生飲水思源的精神。同年，他向科大校友基金捐贈1,000萬港元，用於資助各類型學生活動和計劃，以答謝母校的栽培之恩。在李先生的提議下，科大將他於求學期間入住的UG Hall 1學生宿舍以其父之名命名為「李賢義樓」，足證他對父親深深的敬意與愛戴。2020年，李先生獲邀成為科大顧問委員會委員，就大學的未來發展出謀獻策。

李聖潑先生在商界、可持續發展及社會公益事務貢獻良多，縱使公務繁忙仍深切關注弱勢社群的困境，科大今天特此予以表揚。

李惠雄先生
Mr. David LEE Wai-Hung

榮譽大學院士
Honorary Fellow of HKUST

Having navigated his family business through tough times in the early 1980s, Lee Kum Kee (LKK)'s David LEE Wai-Hung subsequently diversified its activities portfolio and began enthusiastically advocating sound family values—both commercially and societally. One of the core messages Mr. Lee emphasizes in both his professional and philanthropic work is his family's core value of *Si Li Ji Ren* or “considering others' interests”.

Born in Hong Kong, Mr. Lee was an inquisitive child initially educated locally but was eventually sent to a military school in Canada, where he learned the importance of being both self-disciplined and a team player. He later attended the University of Southern California's Marshall School of Business, earning a Bachelor of Business Administration (BBA) with a major in Marketing in 1982.

Still fairly fresh out of college, Mr. Lee was working as a salesman with a non-family business when his father informed him that LKK's North American operation was in serious difficulties due to late payments. Tasked with collecting the many overdue receivables dating back three years, he quitted his job and took on the challenge of helping the family firm sail through the financial crisis. Having successfully cleared the backlog within three months of taking charge, he spent the next decade considerably driving forward LKK's business in the region. Inspired by his BBA learnings, pioneering ideas such as effective sales management processes that streamlined stock turnover and payments powered the business's expansion. Building on the solid foundation laid by Mr. Lee, LKK's North American arm has grown from a tiny office in the early 1980s into a major player in today's sauces market running four regional offices and a packing factory across the US and Canada.

After returning to Hong Kong in the early 1990s, Mr. Lee has spent some three decades in LKK strengthening various key divisions such as human resources, corporate governance, marketing, business development, and group finance. He and his four siblings have been instrumental in steering LKK's successful diversion into previously untapped product categories which underpin the company's long-term success, including Chinese herbal health products, property investment, and venture capital. Leveraging his experience as Chairman of LKK Sauce Group from 2009 to 2011, he retains an advisory role in the family business.

上世紀80年代初，李惠雄先生帶領家族企業李錦記走出困境，其後著手拓展家業，並積極在商界和社會上宣揚家庭核心價值。不論是營商或行善，他最常提起的其中一條家訓，就是「思利及人」。

李先生於香港出生，自幼好奇愛問，少年時被家人送往加拿大入讀當地軍校，學會自律及團結合作的重要性，他其後獲南加州大學馬歇爾商學院錄取，主修市場學，1982年取得工商管理學士學位。

大學畢業後，初出茅廬的他並未立即投身家族生意，反而選擇當推銷員，在外間打拼。不久，李先生從父親口中得知李錦記的北美業務因未能及時收回帳項而陷入危機，於是馬上辭掉工作，擔起追討多筆欠款的重任，協助祖業渡過財務難關。這些應收貸款不少已拖欠達三年之久，然而李先生接手僅僅三個月已成功取回所有款項。接下來的10年裡，他將在大學所習得的知識學以致用，引入有效的營銷管理等先進概念，縮短存貨及付款周期，使公司的北美業務得以大幅擴展，奠下往後持續發展的穩固根基。李錦記的北美業務因此從80年代初的小規模經營模式，蛻變為當地醬料市場的巨擘，至今更於美、加建立了四個區域辦事處及一家包裝工廠。

李先生於90年代初回港後，窮接近30載心血，強化李錦記各主要部門的運作，包括人力資源、企業管治、市場推廣、業務拓展及集團財務。他與四名兄弟姊妹同心協力，帶領公司開拓新產品和新領域，如中草藥健康產品、物業投資及創投，成功推動業績持續增長。他於2009至2011年出任李錦記醬料集團主席，現時仍為集團提供諮詢意見，以豐富的領導經驗繼續為家業出謀獻策。

A key driver of LKK's momentum under Mr. Lee's stewardship is undoubtedly his belief that only family businesses whose members work closely together, value unity, and see things from others' perspectives can hope to thrive. He sees harmonious intra-generational relationships between the young and the old as being equally pivotal for securing the city's future success and prosperity.

Mr. Lee served as Chairman of the philanthropic Lee Kum Kee Family Foundation from 2013 to 2018 and enthusiastically delivered on his commitment to the community by making the promotion of happy family relationships the Foundation's mission. In 2014, he set up the Loving Family website whose rich audio-visual content shows visitors how to more effectively communicate their love to their nearest and dearest. The Foundation's other key initiatives include a cross-generation reading campaign and a three-year-long songwriting competition, whose winning entries are now used to promote positive family values via online streaming platforms. Since the Foundation's establishment in 2008, its initiatives are estimated to have benefited some 200,000 multi-generational participants from nearly 4,000 families.

Mr. Lee's unfailing support of family cohesion also saw the Foundation donate some US\$1 million in funding for the establishment of the HKUST-LKK Happy Family Learning Center in 2016. This online portal now tailors Massive Open Online Courses (MOOCs) promoting cross-generation learning across a wide array of STEAM disciplines spanning music, engineering, and programming.

Determined to use his marketing management and societal insights to benefit others, Mr. Lee works closely with leading local and international universities such as HKUST, where he has served on the University Court since 2014. Part of our School of Business and Management's Advisory Council from 2017 onwards, he also provides strategic advice on, and support for, its current issues and students' holistic future developments via initiatives such as the Tanoto Center for Asian Family Business and Entrepreneurship Studies.

Today, HKUST is delighted to salute Mr. Lee for his remarkable business achievements and unstinting efforts to champion the importance of family values and improve the citizens' well-being in his beloved city.

李錦記在李先生領導下業務蒸蒸日上，毋疑與他的信念大有關連：他堅信家族成員必須通力合作、團結一致，同時擁有推己及人的心懷，家業方可興旺。在李先生眼中，長幼和睦共處，不同世代的人互相關愛，對確保香港未來安定繁榮同樣至為關鍵。

在2013至2018年期間，李先生擔任李錦記家族基金主席，積極履行對社會的承諾，並以「促進爽樂家庭關係」作為基金的使命。他於2014年建立「代代有愛」網站，讓大眾透過豐富的影音內容，學習如何更有效地與家人溝通和表達關愛。基金的其他主要活動包括跨代閱讀計劃及為期三年的歌曲創作比賽，後者的優勝作品於網上串流平台播放，藉以推廣正面的家庭價值。自2008年成立至今，基金所舉辦過的活動讓大約4,000個家庭、接近200,000名跨代參加者受惠。

2016年，基金慷慨捐出100萬美元，資助成立「科大-李錦記快樂家庭學習中心」，再次體現李先生對家庭和諧的不懈支持。此網站為推廣跨代學習而度身設計一系列大型公開網上課程（MOOCs），範圍廣泛，涵蓋音樂、工程、編程等不同STEAM領域。

李先生從營銷管理以至社會議題方面皆有獨特見解，而且熱心以其專長服務他人。他與本地及外國一流學府合作無間，以科大為例，他於2014年起已擔任大學顧問委員會委員，而自2017年成為科大商學院的顧問委員會委員以來，一直就學院各項事務提供真知灼見，並透過學院旗下的陳江和亞洲家族企業與創業研究中心等渠道，鼎力支持學生的全人發展。

李惠雄先生商業成就卓越，不遺餘力地在他熱愛的香港提倡家庭價值和改善社會民生，科大謹此予以表揚。

李慧琼議員
The Hon. Starry Lee Wai-King

榮譽大學院士
Honorary Fellow of HKUST

When the Honorable Starry LEE Wai-King won the chair of the Democratic Alliance for the Betterment and Progress of Hong Kong (DAB) in 2015, she became the party's first-ever Chairwoman. Her remarkable achievement in the political arena fully reflects the dedication to public service she demonstrated by serving on both the District and Legislative Councils for more than two decades.

Ms. Lee's passion for public service dates back to her studies at a local secondary school. Having joined the Hong Kong Girl Guides during a junior year, she began devoting much of her time to worthy causes. Ms. Lee was also amongst the earliest undergraduates who studied at a then still very young HKUST, gaining a Bachelor of Business Administration. Like many other aspiring political leaders of her generation, she was active in the University's debating society. Her diligent involvement not only helped develop her eloquent public speaking style but also sharpen her critical thinking skills. It also gave her an understanding of complex social and economic issues such as education, housing and public health that have long confronted Hong Kong.

After her graduation in 1996, Ms. Lee excelled as an accountant with first PwC and later KPMG as she resolved to build a successful career in the financial services sector.

With her enduring passion for public service initiatives that positively impact Hong Kong, Ms. Lee ran for the District Council election as an independent candidate in 1999. Aged just 25, she became the youngest elected political representative in the city at that time. Impressed by Ms. Lee's vigor and ability, DAB founder and former chairman, Mr. Jasper TSANG Yok-Sing, invited her to join the party in 2004.

Four years later she ran for the Legislative Council (LegCo) becoming its youngest female lawmaker at that time. Despite her relentless political and public service workload, Ms. Lee managed to complete her MBA at the University of Manchester in 2010.

Over the years, many leading local political figures have been struck by Ms. Lee's professionalism and effectiveness. Prominent amongst them is the former HKSAR Chief Executive, Mr. LEUNG Chun-Ying, who appointed her as an Executive Council member between 2012 and 2016. The move made her the only legislator in Hong Kong at that time to simultaneously hold three seats on the city's District, Legislative, and Executive Councils.

2015年，李慧琼議員膺選為民主建港協進聯盟(民建聯)主席，成為該黨首位女黨魁。從政20載的她，一直在區議會及立法會盡職盡責服務市民，對社會貢獻良多。

早在中學階段，李議員服務市民的熱誠已然萌芽；初中加入香港女童軍後，積極投入各類義務工作和公益活動，樂於助人。及至大學歲月，李議員入讀當時創校未久的香港科技大學，成為科大工商管理學士課程最早一批的本科生。一如當時不少抱負非凡的政壇新銳，她活躍於大學辯論學會，不僅從中練就能言善辯的好口才，其批判思維技巧亦大有改進，有助她深入瞭解教育、房屋、公共醫療等長期困擾香港的複雜社會及經濟問題。

1996年，剛大學畢業的她投身會計專業，先後任職羅兵咸永道及畢馬威會計師事務所，勤奮好學的她在金融服務界平步青雲，事業一帆風順。

然而，李議員服務市民、貢獻社會之心絲毫未減。1999年，年僅25歲的她以獨立人士身分出選區議會，首戰報捷，躋身當時香港最年輕的民選代表。其熱誠與才華深得民建聯創黨主席曾鈺成先生賞識，並於2004年受邀加入該黨。

四年後，她在立法會選舉中勝出，並開創歷史先河，成為當屆立法會最年輕女議員。政務與公務雖然繁重，但她在百忙中不忘進修，於2010年取得曼徹斯特大學工商管理碩士學位。

李議員處事專業，表現出眾，贏得不少本地政壇領袖垂青，前香港特區行政長官梁振英先生即為其一。2012至2016年間，李議員獲梁先生委任為行政會議成員，成為當時唯一身兼區議會、立法會及行政會議成員的香港政壇人物，成就驕人，至今猶為女性從政之典範。

This was – and remains – a truly astonishing achievement for a female Hong Kong politician.

In 2016, Ms. Lee was re-elected as a “super seat” lawmaker and voted Chairlady of LegCo’s House Committee. In the same year, the Government recognized her devotion to outstanding public services with Hong Kong’s coveted honor – the Silver Bauhinia Star.

Ms. Lee continued to serve the Legislative Council as Chairlady of the House Committee from 2016 to 2021, a position she regained in 2022 and will retain until 2023.

Over her two decades in public life, Ms. Lee has been unstinting in her efforts to improve livelihoods amongst local communities. During the recent COVID-19 pandemic, she played a major role in mobilizing the entire DAB to support Hong Kong’s efforts to supply community groups, organize vaccination sessions and work with medical experts on providing remote medical advice and treatments for those in need. The party was also successful in lobbying the Government to enhance its Employment Support Scheme.

Ms. Lee credits our University’s diversified learning environment and open atmosphere for equipping her with the analytical skills needed to consolidate varied ideas into coherent public policies. She has been delighted to give back to HKUST by serving as a sitting member of the University Council beginning 2016. As a University Council Member from 2010 to 2016, Ms. Lee helped to secure government funding for building dormitories that enriched students’ learning with residential living experiences at UGC-funded universities.

Ms. Lee also leverages her expertise via committee memberships of the Chinese General Chamber of Commerce and the 13th National Committee of the Chinese People’s Political Consultative Conference.

HKUST is delighted to salute Ms. Lee for her immense contribution to local politics and higher education, and for her inspirational and enhancing impact on her fellow citizens’ lives.

2016年，李議員循「超級區議會」界別連任立法會議員，並當選立法會內務委員會主席。她盡心服務社會，成績有目共睹，同年獲特區政府頒發銀紫荊星章，以資表揚。

繼於2016至2021年領導立法會內務委員會，在2022至2023的立法年度，李議員再次出掌該委員會主席一職。

從事公職20載，李議員一直視改善民生為己任。新冠疫情來襲期間，她領導民建聯全體人員傾力支援不同社群的抗疫行動，包括派發物資、協助安排市民注射疫苗，又與醫護專家合作為有需要人士提供遙距諮詢及治理服務。另外，民建聯亦成功游說政府提升其保就業計劃，為僱主僱員解困。

李議員擅於融匯不同意見成為行之有效的公共政策，為市民謀福祉，改善生活。她將一切歸功於科大多元開放的學習環境，讓她具備邏輯分析及解決問題的能力。心存感恩的李議員致力回饋母校，自2016年起擔任科大顧問委員會委員；而於2010至2016年擔任科大校董會成員期間，努力爭取政府撥款興建宿舍，讓就讀教資會資助大學的學子能享受宿舍生活，豐富學習體驗。

現時，李議員除了是中華總商會多個委員會的成員，也是中國人民政治協商會議第13屆全國委員會委員，以其專長作出貢獻。

李慧琼議員在本地政壇及高等教育界建樹良多，同時持續改善民生福祉，照顧各階層需要，科大謹此予以表揚。

於崇光先生
Mr. Daniel YU Chung-Kwong

榮譽大學院士
Honorary Fellow of HKUST

Founder of Maxwell Electronics Limited, Mr. Daniel YU Chung-Kwong is a renowned Hong Kong entrepreneur and unstinting supporter of deserving philanthropic and educational causes. Having lived through multiple major health challenges in Hong Kong over the past five-plus decades, he remains very passionate about such issues and is a generous donor to an extensive range of important medical and other scientific research initiatives.

Mr. Yu began showing an aptitude for science and electronics from a very early age. By the time he was just 15, he was so skilled in electronics he could assemble a working radio using nothing but spare bits and pieces of equipment. At 16, the future industrialist began aspiring that he would one day establish his own electronics enterprise.

Mr. Yu embarked on his tertiary education as a Physics student at the renowned St. John's University in his home city, Shanghai. Following the closure of the facility in 1952, Mr. Yu briefly moved to Hong Kong before journeying to the US to continue his studies. After living in New York for an extended period, Mr. Yu returned to Hong Kong, eventually settling here to realize his youthful ambition of building up an electronics empire.

Leveraging the unique business and cultural perspectives his Chinese background and American education had equipped him with, Mr. Yu set up Maxwell Electronics in 1966. Always a scientist at heart, he named the company in honor of renowned Scottish physicist, James Clerk MAXWELL. Having paved the way for the eventual mass marketing of color photography, the 19th-century physicist's pioneering visual studies were reflected in Maxwell Electronics' early focus on camera flash units for export.

Mr. Yu's innovative designs and savvy business strategies proved so successful that Maxwell quickly became a major source of the export earnings that fueled Hong Kong's economic expansion. To cope with ever-increasing demand for its electronic products, the company subsequently took its success to new heights after expanding to the Mainland.

於崇光先生為麥士威電子廠有限公司創辦人，這位香港知名實業家一直襄助善舉及教育發展，不遺餘力。逾半世紀以來，他與香港一起經歷多番疫症考驗，慷慨捐助各類重要醫學及科學研究，對公共衛生的關注至今未變。

於先生自幼已顯露他在科學及電子方面的天分，年僅15歲，已懂得利用零碎機器配件組裝收音機；到了16歲時更萌生創業念頭，渴望終有一天建立自己的電子工廠，成為工業家。

於先生祖籍上海，獲當地著名學府聖約翰大學錄取，主修物理。1952年，聖約翰大學停辦，他南下香港，再轉赴美國繼續學業，並在紐約生活一段時間後，回流香港追夢，建立自己的電子王國。

於先生集中、美教育精髓於一身，商業及文化視野別樹一幟，於1966年創辦麥士威電子廠。他心繫科學，以19世紀蘇格蘭物理學翹楚 James Clerk MAXWELL為公司命名。Maxwell乃視覺科技研究的先驅，為彩色攝影術得以普及奠下重要基礎，而麥士威電子廠開業初期，亦以生產及出口相機閃光燈為主。

於先生製造的頻閃閃光燈設計新穎，加上經商策略得宜，使公司成功打開相機閃光燈的龐大出口市場，同時成為當時香港出口收入的重要來源之一，推動本地經濟增長。有見市場對電子產品的需求不斷增加，麥士威電子廠亦將業務擴展至內地，生意蒸蒸日上。

Over the course of a successful career, Mr. Yu has seen many changes in both Hong Kong's society and business sector. He has also been unflagging in his support of the city's efforts to navigate its way through several economic crises and viral pandemics. The latter range from the H5N1 Avian Influenza of the late 1990s and the SARS outbreak of 2003, to the more recent spread of COVID-19.

Mr. Yu's fervent desire remains to safeguard the populations of Hong Kong and the Mainland against the threat of microbial pathogens and virus threats. His commitment to positively impacting lives through scientific research and medical breakthroughs is probably most evident in the endowed professorships he has helped create at leading local universities, and his sponsoring of various influential research projects.

Since he made his first visit to our campus in 2013, Mr. Yu has become a generous supporter of our University. Impressed by HKUST's research endeavors and achievements, he made a HK\$1 million donation to support research work in the Division of Life Science. Apart from public health, physics is the passion that retains the strongest pull at his heartstrings. In 2015, Mr. Yu established the Daniel C K Yu Professorship in Science at HKUST by donating HK\$10 million to advance scientific knowledge and discoveries. He has also played a major role in ensuring our University's successful future development via a generous donation of HK\$10 million in 2021 for a research matching grant scheme launched by the HKSAR Government, and another pledge of HK\$10 million in 2022.

Mr. Yu remains active in overseeing the many philanthropic projects in which he is involved after he semi-retired. He also loves to indulge his love of top-of-the-range cars, cameras and state-of-the-art A/V equipment.

Today, HKUST is both proud and privileged to salute Mr. Yu for his incalculable contributions to Hong Kong's economic growth and scientific research endeavors.

在建立事業王國的旅途上，於先生見證本地社會與商界無數轉變。香港不僅在經濟上經歷高低起伏，亦數度飽受疫症衝擊：先是90年代末H5N1禽流感，然後到2003年SARS，及至最近的新冠疫情更是於今未止。多年來，他始終伴隨和支持香港奮力前進，從不動搖。

於先生以香港及內地人民的健康為念，渴望保障民眾免受病原體及病毒威脅。他堅信科學研究及醫學新猷能造福人群，並身體力行，於本地主要大學捐款設立冠名教授席支持多個影響深遠的研究項目。

2013年，於先生首度參觀科大，對大學的科研和成就留下深刻印象，決定捐款100萬港元支持生命科學部的研究工作，自此一直鼎力支持科大的發展。除了關注公共衛生問題，情牽物理學的他於2015年捐出1,000萬港元，於科大設立「於崇光基金理學教授席」，鼓勵追求科學知識和開拓嶄新科研領域。另外，他又響應香港特區政府的研究配對補助金計劃，於2021年向科大捐贈1,000萬港元，翌年再作另一筆同額捐款。於先生多番慷慨解囊，對科大的持續發展意義重大。

於先生半退休後，仍積極監督有份參與的眾多慈善項目，並鑽研自己熱愛的頂級汽車、照相機和尖端影音器材。

於崇光先生對香港經濟及科研發展貢獻良多，付出的努力難以估量，科大謹此衷心致敬及表揚。
